

Spitfight!

NO ship terminal on our Spit

Doug Jennings Park
11am Sunday
20th August 2006

*By land and by sea
rain, hail or shine!
Get there anyway you can!*

Do YOU oppose losing our public open space?
Do YOU oppose losing free access to The Spit?
Do YOU care about the future of The Spit?
Would YOU like to see The Spit saved and
maintained forever as a unique world-class
central park to be enjoyed by everyone?

Then NOW is the time to be counted!
Make this the BIGGEST rally ever!

*Join us in sending a collective and
powerful message to Peter Beattie:*
**NO COMMERCIAL DEVELOPMENT
NORTH OF SEAWORLD NARA!**

How much do you love The Spit?

The Spit is a green asset belonging to our
community and our future generations.

The Gold Coast needs to keep its open
green spaces and not have them traded off
for more concrete. Don't be fooled by pretty
pictures the media presents. The truth is:
Once The Spit is gone **it is gone forever!**
